6:34 PM **Caleb**: http://www.weeklystandard.com/articles/they-hate-our-guts_511739.html
Whoops.
6:36 PM **me**: jesus
Caleb: So much for your boyfriend.
They don’t just hate our Republican, conservative, libertarian, strict constructionist, family values guts. They hate everybody’s guts. And they hate everybody who has any. Democrats hate men, women, blacks, whites, Hispanics, gays, straights, the rich, the poor, and the middle class.
6:37 PM He's like our generation's 80's version of the conservative Bill Hicks.
6:40 PM **me**: I mean
jesus christ
6:41 PM **Caleb**: If you wanna weep, I won't tell anyone.
6:42 PM Or nobody.
me: seriously
this is actually worse than a piece he wrote just two months ago
6:43 PM **Caleb**: It had better damn well be.
He's clearly a giant faggot.
And, by extension, so are you.
6:45 PM **me**: next month he'll probably just steal your Lefties poem
and then after that, your treatment for The Vampire Cornelius
6:46 PM **Caleb**: I don't have to tolerate this insolence.
I live in Maine.
I'm a Mainer.
6:48 PM **me**: Democrats hate productivity, lest production be outsourced to someplace their beloved power can’t go. And Democrats also hate us none-too-productive drones in our cubicles or behind the counters of our service economy jobs. Tax us as hard as they will, we modest earners don’t generate enough government revenue to dress and adorn the power that Democrats worship.
6:49 PM DEMOCRATS HATE JUSTICE BECAUSE IT ALLOWS BABIES NOT TO DIE SOMETIMES
6:50 PM I actually don't know where to go from there
6:53 PM **Caleb**: He's your best boyfriend writer.
me: I mean, yeah, he is
I wanted him to mount me and control me but also make me feel safe

22 minutes

7:18 PM **Caleb**: I just rereererereereread that first sentence.
7:19 PM Ohkay holy fucking god and things.
7:22 PM Neal Boortz found out and called her ugly names on his radio show.
Clearly, Prothero is behind this.
7:23 PM **me**: what's the connection there?
Caleb: Austin talk-radio.
7:25 PM And the various jockeying of position by various libertarian/right-wing catholic homeless men.
7:26 PM Who have radio outlets.
7:27 PM **me**: I see

17 minutes

7:44 PM **Caleb**: Jennifer was a graduate student in Georgia. She was studying counseling at the graduate level when word got out about her religious objections to homosexuality. Some professors also found out that she considered homosexuality to be a chosen lifestyle. Neal Boortz found out and called her ugly names on his radio show. The university forced Jennifer to go through a government-mandated thought control program, which Neal Boortz had endorsed on air. She soon found herself facing the prospect of expulsion from the university. She later killed herself in the face of the Boortz-led witch hunt
7:45 PM **me**: Yeah, Boortz also writes for Townhall and wrote a column in objection
a retarded column
7:46 PM **Caleb**: Who is John Boortz.

Caleb: was made in Fascist Italy.
me: it wouldn't do it for me

7:54 PM I'm going to go on Google
and I'm going to look up Ayn Rand fan fiction
Caleb: slash/fic
7:55 PM And, besides, that Italian stuff's probably worth watching.

Actually, you know what? I don't even think I want to know the answer. Yawn.
